

ANTI-DOPING INFORMATION

The World Anti-Doping Agency (WADA) is responsible to promote, coordinate and monitor the fight against doping in sports.

As an athlete or member of a team, it is important to be informed about anti-doping procedures.

Athletes might be tested anytime and anywhere without previous notice, no matter if they are included in an IKF Registered Testing Pool (RTP) or not.

WADA's Doping Control Process for Athletes Video gives an explanation of the entire procedure.
