THE HISTORY of the IKF Europa Cup; event for club teams

Launched in 1967 as a three-zone korfbal tournament between Great Britain, Belgium and The Netherlands

At the suggestion of the British Korfbal Association (BKA), the IKF decided in 1966 to organize an annual three-zone korfbal tournament between those clubs which had reached the highest two places in the national competitions of the affiliated countries.

In view of the fact that at that time korfbal competitions existed in Great Britain, Belgium and The Netherlands, this first tournament drew only six (6) clubs. The Cup itself was donated by the BKA in recognition of the fact that in 1967 she would be celebrating her first 21 years, her "coming of age" in the korfbal world.

The first tournament was held in Mitcham (Great Britain) in June 1967, the final victory going to Ons Eibernest (NED) followed by ROHDA (NED) in second place. The Belgian teams ATBS and Scaldis gained 3rd and 5th places, with the British Thornton and Mitcham teams in 4th and 6th places.

Germany joins in 1976

The tournament was played in each successive year with the top two teams of the same three countries competing, until the 9th tournament in the series in 1975. The Netherlands remained supreme until that time, producing nine (9) outright winning teams and seven (7) teams as runners-up. The pattern was broken somewhat, however, in 1973 and 1974 when the Riviera club from Antwerp (BEL) took second place and the silver medal. The year 1976 saw a change in the set-up for the 10th tournament in the series. The British no.2 team was replaced by the champion team from the Federal Republic of Germany. The German Gymnastics Union (Deutscher Turner Bund – DTB) had already become affiliated to the IKF in 1964 but it was in 1976 that the German champion was considered strong enough to compete in the IKF Europa Cup Tournament. An interesting facet was that the German outdoor competition had always been played in the two-zone form and this meant that any German teams taking part in the IKF Europa Cup matches were handicapped by having to play a form of korfbal with which they were not familiar. Much the same situation applied to Spain which had received IKF affiliation in 1973, and it kept them out of the tournament for some time. The 10th tournament in London (ENG) in 1976, however, showed that the German champions had quite rightly been admitted to the tournament: Adler Rauxel took 5th place in front of Vultrix, the British champions. The first and second places went again to the Netherlands clubs Ons Eibernest and LUTO, with the Belgian clubs Kwik and Boeckenberg following in third and fourth positions.

Riviera, the first Belgian winner in 1977

Only five (5) clubs were able to take part in the subsequent two (2) tournaments. Great Britain was absent for the 11th tournament in Bochum (FRG) in 1977, and The Netherlands took only one club to the 1978 tournament in Antwerp (BEL). Belgium was able to celebrate its first ever tournament victory in Bochum when Riviera beat the Dutch PKC team by 5 - 4. In 1978, however, Riviera had to be content with second place against LUTO (NED) who took the cup home to Amsterdam for the first time.

Open only to champion teams in 1979 and thereafter; the last three-zone outdoor tournaments

Arrangements for the tournament were changed again in 1979, resulting in The Netherlands and Belgium being allowed to send only their champion team to the tournament. This meant that only four teams were able to do battle for the cup honour. It is true that in the period up to 1986 Luxemburg (1976) and France (1982) were admitted to IKF membership, but both countries had until that time only played two-zone korfbal and felt themselves unequipped to compete in a three-zone tournament. The first six (6) tournaments played under the new set-up were won by The Netherlands champion with Belgian champion teams taking the second prize on five occasions. This changed in 1980 when the German champion Adler Rauxel surprised everyone by beating the Belgian Kwik team by a 9–8 score. Belgium had to wait until 1986 in Antwerp for its next cup winner: AKC, which skillfully held the Netherlands champion, Fortuna, to a 6–6 draw and finally beat her, after extra time, by the winning score of 9–7.

This tournament, however, turned out to be the last three-zone tournament. The German teams were no longer prepared to play three-zone korfbal and only three (3) countries were left to compete, a number considered by the IKF to be too small to continue the tournament in its then present form.

The first indoor tournament in 1985, now including Spain and France

The cancellation of the three-zone tournament did not mean the disappearance of the IKF Europa Cup. The IKF Executive Committee was ready for the next challenge. The first indoor Europa Cup tournament had already taken place in the Netherlands in December 1985. A new Cup had been donated by the Royal Belgian Korfball Association (KBKB) and named after Alfons Janssens, the well known Belgian korfball pioneer and promotor.

Participants, apart from the Netherlands champion team (PKC), included Belgium (Sikopi), Great Britain (Vultrix) and Germany (Adler Rauxel) as well as Spain (Marbella Juventud) and France (CLL Bourges) for the first time. It was an undoubted success, with PKC as the first tournament winner, followed by Sikopi in second place with an unexpected fourth place going to Spain behind Adler Rauxel. Vultrix was 5th and CLL Bourges in 6th place.

Portugal (1988) and Poland (1989) join

The 21st tournament in the series was held in December 1986, for the first time in France (Bourges); because the Orleans club was French champion that year, the Bourges home team was unable to take part. Spain was unfortunately unable to send its champion team that year so that only five teams were left, of which ROHDA (NED) was the ultimate winner ahead of AKC of Belgium.

Spain reappeared on the list again for the tournament in Antwerp (BEL) in January 1988, however, and together with newly-admitted Portugal and its ISEF Agon Clube team it brought the total number of participating countries to seven (7). The Portuguese champions were surely not disappointed by their debut performance, ending in 5th place ahead of Marbella Juventud (ESP) and Orleans (FRA). Like in 1986 Adler Rauxel (GER) took third place in front of Mitcham (GBR). Oost Arnhem (NED) won the Cup and AKC (BEL) was second.

The number of competing countries rose again in January 1989 when the 23rd tournament – the 4th indoor – welcomed Poland to the field (admitted to IKF membership in 1988) with its team from Krakow. The CB Egara '85 team from Terrassa represented Spain's interests on this occasion and took 8th place having been very narrowly beaten by the Krakow team. Once again, Oost Arnhem (NED) won the Europa cup, followed in second place by AKC (BEL) with Adler Rauxel (GER) and ISEF Agon Clube (POR) in 3rd and 4th places respectively. The Portuguese were able to enjoy this position thanks to their 9–8 defeat of the British Mitcham team (after extra time), who were ultimately placed 5th ahead of CLL Bourges (FRA).

Tournaments in Papendrecht (1990) and Lisbon (1991), now including Czechoslovakia

These tournaments were again organized with eight teams. In 1990 the Spanish champion team was not able to take part and its place was taken by KC Decin, the champions of recently (1989) affiliated Czechoslovakia, who again participated in 1991. In 1991 the Polish team of Krakow was replaced by the Spanish Egara '85 team.

The 1990 tournament brought Catbavrienden (BEL) and PKC (NED) to the final with host team PKC coming out on top for the second time in the indoor tournament series. The German team Adler Rauxel again took third place by beating Mitcham in the final round.

In the very well organized tournament in 1991 in Lisbon (POR), the 25th in the series, the final between Sikopi (BEL) and Fortuna (NED) was an exciting match. Sikopi was ahead 7–4 at half time, but Fortuna fought back to 9–9 and on to 11–11, but eventually lost the battle with a score of 14–15. Adler Rauxel again showed great spirit by taking third place for the sixth time in succession with its 18–17 win against the English club Vultrix.

The period 1992–1995: Armenia, Luxemburg, Hungary and Slovakia enter their champion clubs; first round matches necessary.

As more and more European countries entered their champion clubs for participation in the tournament it became necessary to introduce first round matches to arrive at the maximum number of eight teams. For the 1992 tournament in Saint-Etienne (FRA) it was decided to grant automatic admittance to the champions of the first seven countries in the 1991 final ranking. Four (4) clubs played for the eighth place which went to KC Decin (CZE) which managed to stay in front of Armsikopi (ARM), AWF Warszawa (POL) and Ro'de Le'w (LUX).

During the main tournament the champions of Belgium (Catbavrienden) and The Netherlands (Deetos) balanced out completely. The final game which had the numerous spectators standing in their seats, ended in a 13–13 draw and after extra time the score was still level (18–18) so that only after a 5–4 penalty shoot-out Catbavrienden could call itself the new Europa Cup holder, the first time in the club's history. For the seventh time in seven tournaments Adler Rauxel (GER) came third and first time participants Sangalhos (POR) reached an excellent fourth place in the final ranking.

For the 8th tournament in Castrop–Rauxel (GER) only the numbers one to six of the final 1992 ranking were granted automatic admittance so that two places were available for the champions of Czecho–Slovakia, Armenia, Poland and newly admitted IKF member Hungary. VKC Kolín (CZE) and Armsikopi (ARM) qualified.

The final in Germany was a repetition of the previous year. Nearly 2,000 spectators saw an exciting match between Catbavrienden (BEL) and Deetos (NED) with this time the Dutch champions the 10–9 winners. German champion Grün-Weiss participated for the first time and repeated the success of rivals Adler Rauxel by beating Nomads (GBR) to gain third place in the final ranking. The two East European qualifiers did very well to beat their opponents from France and Portugal to finish in 5th and 6th place, thus gaining their countries the right to have their champion club participate in the 1994 tournament without first round matches.

For the 9th indoor tournament in Olomouc (CZE) no less than five clubs competed for the two places that were available for qualifiers. The two South European teams, Sangalhos (POR) and Egara '85 (ESP) left their opponents from France, Poland and Hungary behind but had to be content with 7th and 8th place in the main tournament.

Unlike previous years the 1994 final provided little excitement, Deetos (NED) beating their opponents Borgerhout KC (BEL) by no less than 20–7. German champions Grün-Weiss repeated their 1993 success by a 11–9 win over Vultrix (GBR) to gain third place.

The 10th tournament was held in Debrecen (HUN). Qualifiers were ISEF Agon Clube (POR) and Priedviza, the champions of recently affiliated Slovakia, through wins over their opponents from France and Poland. In a high quality final the cup went to Dutch champions ROHDA who beat their opponents Catbavrienden (BEL) by the very good score of 23–19. For the tenth time third place went to the German champions, Grün-Weiss beating Britain's Mitcham by no less than 22–10.

1996 and 1997: Six clubs in final round

For the 11th tournament at the National Sports Centre in Crystal Palace (GBR) the formula was changed again. Only six clubs were allowed to compete in the final round to which only the champion clubs of the countries which provided the finalists of the previous year were admitted automatically. All other champion clubs were obliged to compete in first round matches.

The tournament provided less drama than in some of the previous editions. Dutch champions Deetos were supreme and their 22–14 win over Mercurius of Belgium made them the first club to win the coveted Alfons Janssens Trophy three times.

As so often in the past the match for third place was between the German and the British champions. Cheered on by a large and enthusiastic crowd Mitcham took revenge for last year's defeat by Grün-Weiss thus becoming the first non-German club to win the bronze medals.

In their all-Iberian encounter ISEF Agon Clube of Portugal beat Spanish champions St Llorenç KC – last minute stand-in for late withdrawals Armsikopi of Arménka – into sixth place.

The 12th tournament in Terrassa (ESP) was the first to be held in Spain and in addition to the Dutch and Belgian champions the home team of St Llorenç KC was also given the right to compete. The champions of the Czech Republic, Great Britain and Hungary who had been victorious in the first round, completed the sextet.

The final provided not only plenty of excitement but also some very good korfbal. Catbavrienden (BEL) beat their rivals Oost Arnhem (NED) by the odd goal (20–19) and thus became the first Belgian team to win the trophy twice. For the first time the bronze medals went to a club from the Czech Republic. In their pool match against MAFC Budapest (HUN) VKC Kolín (CZE) had only just scraped through (16–15) but on the final day they gave SLKC – surprise winners over Croydon (GBR) – no chance: their 22–8 victory was thoroughly deserved.

A scoring spree in the last five minutes of their match against MAFC gave the British champions a 19–14 victory and thereby 5th place in the final ranking.

From 1998: Back to eight teams in the finals.

Following the first IKF European Congress in Antwerp in November 1996 it was decided to admit eight teams to the final round of the 13th tournament which was to be held in Antwerp (BEL) on three consecutive days, from 2–4 January 1998. Only the champion clubs of the countries of the finalists of the previous year's tournament would be admitted automatically. However, PKC, the champion club of The Netherlands, declined the invitation to participate for religious reasons (the club did not wish to play on Sunday), and as the dates of the tournament could not be shifted and the KNKV refused to invite the runners up, the tournament went – for the first time in its 32 year old history! – without Dutch participation. It meant that seven teams could qualify in first round matches. Three of those came from Western and four from Central Europe.

The absence of the Dutch provided the tournament with more interesting matches on the first two days but the final day saw three clear-cut victories and only one close-fought match when Polish champions Biala Podlaska beat Prievidza of Slovakia 16–15. The match for 5th/6th place was between two first time participants, Havirov of the Czech Republic beating Clube de Corfebol de Oeiras of Portugal 17–10. Absent from the previous year's finals because of their failure to qualify, German champions Grün-Weiss staged a remarkable comeback by beating the surprisingly strong Hungarian champions MAFC 20–12 and thus finishing in third position.

In the final match of the tournament British champions Mitcham defended themselves heroically against the reigning European champions but in the end they could not prevent Catbavrienden from scoring a well-deserved 21–9 victory. Not only did Catbavrienden thereby keep the title but in the overall ranking they joined Deetos of The Netherlands at the top of the table with three IKF Europa Cup victories.

As most countries were unhappy with the absence of the Dutch champions the tournament was once again on the agenda of the second European Congress in Estoril (POR) in April 1998. It was decided that the finals would henceforth be held on the second full weekend of the year, not including New Year's Day, with matches from Thursday to Saturday unless the organising country wishes to play from Friday to Sunday for commercial or promotional reasons.

Since PKC had prolonged its Dutch championship the club could now participate in the 14th tournament. It had, of course, first to qualify in a first round but this proved no problem!

The finals were held in Prague as part of the celebrations on the occasion of the 10th anniversary of the Czech Korfball Association. The pool matches brought plenty of excitement but only one real surprise: the victory (by a "golden goal") by first time participants AWF Warszawa (POL) over Portuguese champions Grupo Desportivo dos Bon Dias (GDdBD). Cheered on by a large and enthusiastic home crowd VKC Kolín made a special effort to reach the final but Belgian champions AKC were equally determined and gave them no chance at all.

The final day brought less excitement than some of the previous editions of the Europa Cup. GDdBD and Grün-Weiss (GER) scored easy victories against resp. Prievidza (SVK) and Warszawa and in spite of the help from a full Slavia house Kolín lost the "little final" 10–12 against a cool and crafty Mitcham (GBR) side. The final match between AKC (BEL) and PKC (NED) did only occasionally bring world class korfball. When PKC were leading 5–0 after 15 minutes the game seemed to be over but AKC fought itself back into the match and at one time they were only one goal behind. However, PKC kept its head and went on to win 15–13 and so take possession of the cup they had last won nine years earlier.

The 15th tournament, hosted by the Europacup holders, was played according to the same formula. The pool matches produced no surprises but the final day with a PKC sports hall filled to capacity (1,750), brought plenty of excitement. After Warszawa (POL) had demonstrated its clear superiority over L'Autonoma (CAT), GDdBD of Portugal and Czech champions Kolín fought a real battle which in the end was won by the Portuguese by the narrowest of margins (18–17). Even closer was the game between eternal rivals Mitcham (GBR) and Adler Rauxel (GER). With a 19–19 final score a "golden goal" had to decide the winners of the bronze medals. After an agonising six minutes the "eagles" from Germany produced the winning goal, thus claiming the third spot which they had occupied on so many previous occasions. The final brought much more excitement than even the staunchest Sikopi fan had dared to predict. In front of its home crowd PKC was never allowed to relax and when Sikopi came within one goal from the home team the tension became almost unbearable. The cup holders stayed cool, however, and with a final effort managed to beat the Belgian champions 19–16. This 4th indoor cup win takes PKC to the top of the rankings.

For its 16th tournament the IKF went back to the Spanish town of Terrassa. With one exception the pool matches provided not much excitement, although few would have predicted a victory by home team St Llorenc over their Portuguese rivals Benfica and by AWF Warszawa (POL) over British champions Mitcham. The final game on the

second day brought at last the excitement of extra time. In spite of their "golden goal experience" the Poles did not score in their first attack and when the Germans did, it was all over for Warszawa.

The final day started with a close game between the Portuguese and the British champions, three times medal winners, but now very much weakened by the departure of some of their best players. To give their reserves some much needed international experience Mitcham fielded their second team and this lost by the odd goal to Benfica (10–11). Cheered on by a large crowd Sint Llorenç tried to keep pace with Warszawa but in the end the experience and the greater physique of the Poles prevailed (14–20). Havirov experienced once again that a German team is never beaten until the final whistle has gone. For the 13th time in 16 tournaments (the fifth time for Grün-Weiss) the German champions went home with the bronze medals (15–17).

The first half of the final between the Dutch and the Belgian champions was of a very high standard and the 11–11 half time score was a good reflection of both teams' possibilities. Halfway through the second half Die Haghe profited from some inaccurate shooting by AKC, went ahead and never allowed the reds to come close again. A 19–16 victory enabled Die Haghe to crown their first time appearance in the IKF Europa Cup with the Alfons Janssens Trophy.

Like three years earlier the 17th tournament was held in Prague, the capital of the Czech Republic. The pool matches finished more or less according to expectation, although Hungarian champions MAFC almost caused an upheaval in their match against Grupo Desportivo dos Bon Dias of Portugal. And who would have thought that British champions Mitcham, bronze medal winners in 1999, would go down against Prievidza of Slovakia?

On the final day Mitcham revenged itself to some extent by beating MAFC, while Germany's Grün-Weiss kept the Slovakian champions at bay. The bronze medal match between the Portuguese champions and the "home" team from Havirov was a real thriller. The Czech side dominated in the first half but after the interval Grupo Desportivo dos Bon Dias came back very strongly. The Czech champions just managed to hold on to their lead and when at 15–14 the final whistle went Havirov could celebrate their first win in a "little final".

Since PKC had seen two of the three Simons brothers depart to other clubs Belgian champions AKC started the final as favourites and at half-time they were indeed leading 10–8. They kept their lead until five minutes from the end but then the Dutch turned their 13–14 arrears into a 16–14 victory. A bitter disappointment for the reds from Antwerp who had hoped that their sixth appearance in a Europa Cup final would finally give them the coveted Alfons Janssens Trophy. However, it was not to be and through its victory PKC placed itself firmly at the head of the table with five wins in as many finals.

The 18th tournament was held in Belgium's korfbal temple: the Arena hall in Antwerp (BEL). The greatest surprise during the pool matches came from Slovakian champions Prievidza. Victories over the traditionally stronger teams of Adler Rauxel (GER) and Benfica (POR) gave them a place in the "little final". By then, however, they had fired their last shot and a big loss against Invicta (GBR) was the result. The British had done very well in their pool by beating first time Czech champions Ceske Budejovice by the odd goal. Had the outstanding performance by the Czechs against Die Haghe (NED) on the previous day, when they kept step with the Dutch champions until well into the second half, perhaps cost them too much energy?

Before the final between Die Haghe and their eternal rivals from Belgium expectations ran high. Would the home team finally succeed where six previous attempts had failed? Cheered on by a record crowd AKC with its many internationals started as favourites but it was not to be. Although the result remained in doubt until the dying seconds Die Haghe kept its head cool and a 10–9 win gave the Dutch champions a second IKF Europa Cup victory.

The 19th tournament in 2004 was planned to be held in Papendrecht (NED) but a late withdrawal by PKC forced the KNKV and IKF to look for an alternative venue. This was found in Delft (NED) where Dutch champion club Fortuna/Tempus was prepared to organise the event. They did a very good job.

The pool matches produced two very close results: Czech champions Ceske Budejovice only beat L'Autonoma (CAT) on penalties after a 11–11 draw in regular time and a goalless "golden goal" period; Invicta (GBR) and eternal rivals Adler Rauxel (GER) also drew their match (15–15) but here Invicta managed to score the "golden goal".

In the match for third place Ceske Budejovice showed that Mrs Corinne Buckland and her Invicta team were not invincible. The Czechs scored a regular 16–14 victory.

In the final it looked as though Belgian champions AKC/Café Bar's eighth attempt to win the Alfons Janssens Trophy would finally be successful. The team soon led 7–3 but then production stopped. Fortuna/Tempus scored six (6) goals in a row but AKC/Café Bar came back and at the end of regular time scores were level at 10–10. After six (6) nerve-racking minutes of extra time with good scoring chances for either side it was recent IKF World

Championship's best female player Heleen van der Wilt who scored the "golden goal" that gave Fortuna/Tempus its first ever IKF Europa Cup.

In 2005; the 20th indoor IKF Europa Cup tournament; now including Russia.

For the 20th tournament in 2005 the IKF went back to Saint-Etienne (FRA), but the event turned out to be much less exciting than the tournament held in the same venue 13 years earlier when the final was decided after extra time and a penalty shoot-out. The event was, however, marked by the first ever appearance by a club team from Russia: Oryol STU who had left Prievidza (SVK) and Warszawa (POL) behind them in the first round.

The pool matches provided only one surprise, Benfica (POR) beating last year's bronze medal winners Ceske Budejovice. This was no fluke result as the Benfica team kept the Czechs scoreless for the first 17 minutes, whilst opening up a five goal lead which they held until the end. Oryol STU lost its three pool matches but interestingly enough won the second half of all three matches!

The final day did not bring the usual close-fought matches and certainly did not have the spectators standing in their seats like in 1992. Even the bronze medal match provided little excitement. It was dominated by the Portuguese champions Benfica who scored eight times without reply by Mitcham (GBR) between the 5th and 25th minutes and finally won by a ten goal margin. The final was won by the same margin by Dutch champions Fortuna/Tempus. The match was a repeat of the 2004 final when the game went into extra time. But with AKC/Café Bar losing so many of the previous year's team they were unable to match the skills and the high scoring potential of their opponents. With a 24-14 final score Fortuna/Tempus took the IKF Europa Cup back to Delft.

The 21st tournament was for the first time held in the Republic of Slovakia, in Prievidza, the home town of the Slovakian champions. Second time participants Oryol STU from Russia almost caused a sensation: minutes from the end of their pool match against Belgian champions Riviera they were level at 13-13. Then, however, the Belgians scored their 14th goal and the Russians knew they were beaten. Oryol STU went on to play German champions Adler Rauxel, celebrating 30 years in the Europa Cup, for 3rd place. After a 9-8 half-time score the Russians took the bronze medals (their first medals in an official IKF event) with a 21-12 victory.

Last year's bronze medal winners Benfica ended this year in 7th place just ahead of the home team whom they beat 15-13 in their final match. However, after the tournament it was found that one of the Benfica players was ineligible to play in the event. The IKF then decided that Benfica should be placed 8th and last in the tournament.

Dutch champions PKC/Café Bar cruised easily through their pool matches. In the first half of the final Riviera offered some resistance but during the second 30 minutes PKC ran away and with a 20-9 victory they won the Alfons Janssens Trophy for the sixth time.

For the 22nd tournament in 2007 the IKF went to Antwerp. The rules were changed very slightly in that draws would be allowed in the pool matches so that "golden goal" periods would not be necessary. In the event of two teams finishing level the goal average - used as an experiment instead of goal difference - would decide their ranking.

In pool A home team Riviera topped the group as expected but the unfancied Szentendre team from Hungary caused a surprise by beating the more experienced clubs from Germany and England to finish second, the first time a Hungarian team managed to reach this position in the Europa Cup. Mitcham and Grün-Weiss drew their match 11 - 11. The Germans with a superior goal average thereby earned the right to play for 5th place.

In pool B Dutch champions Fortuna/Tempus were far too strong for the other teams. Ceske Budejovice found some of the form that that deserted them in the qualification round (where they had qualified in second place behind Szentendre) and beat both the Portuguese and the Russians. Orel STU was much weaker this year after losing three players in the close season to Belgian rivals Riviera and finished 4th in the group.

The 7th place match between Mitcham and Orel STU was won by the Russians. Mitcham thus finished in 8th place, the lowest position for a British club since 2001. After an even first half CC Oeiras gained the initiative at the beginning of the second period and held firm to score a comfortable victory against the German champions. The bronze medal game was a re-match of the qualification round game between Ceske Budejovice and Szentendre. The Czechs gained their revenge by virtue of some excellent middle to long distance shooting in the first half and although the Hungarians won the second period the result was never really in doubt.

The final was decided in the opening ten minutes as Fortuna/Tempus scored eight goals without reply against Riviera. The game then became more even but the damage had been done and Fortuna/Tempus won the gold.

In 2008 Greece, Italy and Scotland participate.

The 23rd tournament in 2008 welcomed the champion clubs of first time participants Greece, Italy and Scotland. They did not, however, progress beyond the qualification round. Despite qualifying Russian champions Orel STU withdrew for financial reasons from the final stage of the tournament in Carcavelos near Lisbon (POR). They were replaced by Szentendre from Hungary. The Golden Goal rule was reinstated.

Boeckenberg (BEL), playing in the modern version of the IKF Europa Cup for the first time (having last competed over 30 years ago in the outdoor version of the event), were the easy winners in pool A. A golden goal (the first time they led in the match!) decided the game for second place in favour of Mitcham against hosts Benfica. Earlier another golden goal had brought victory to the Portuguese against Hungarian champions Szentendre.

As expected Pool B was dominated by the Europacup holders DOS '46 from the Netherlands. One of the first games in this group saw two former bronze winners - Ceske Budejovice (CZE) and Adler Rauxel (GER) - pitted against each other. Although the Germans were four goals down at half time they managed to turn the game around to win by the smallest of margins (13-12). Adler repeated this feat in their match against Slovakian champions Prievizda. Three goals down half way through the second half they hit back to win 21-19 and thus go through to the bronze medal match. The game between Eastern European rivals Ceske Budejovice (CZE) and Prievizda (SVK) was again very close, the Czechs winning 13-11.

On the final day Prievizda was obviously affected by its disappointment at letting the Germans off the hook the evening before so that Szentendre gained an easy 21-11 revenge for their defeat in the qualification event. Thereafter hosts Benfica took on Ceske Budejovice for fifth place. Last year's bronze medals winners from the Czech Republic put on a disappointing performance enabling the home team to score a fairly easy 21-14 victory.

Mitcham won the bronze with an 11-8 win over Castrop Rauxel, the first time in four occasions in the history of the event that Mitcham got the better of Adler Rauxel in a bronze medal match in a rivalry going back over 20 years.

In the early part of the final between DOS'46 and Boeckenberg scoring was difficult for both teams as both defences were playing well and forcing errors from their opponents. Half time score 5-5. The second half, however, was a different story. DOS'46 suddenly found their scoring touch and the game was virtually over in the first ten minutes of the half as they scored six times with Boeckenberg only replying once from the penalty spot. The Dutch long and medium distance shooting was deadly throughout the half. Boeckenberg reduced the deficit a little by scoring five in the last five minutes but the Dutch retained the trophy with a 19-12 victory.

The 2009 IKF Europa Cup; high level korfbal and many exciting matches.

The 24th tournament in 2009 was marked by the participation of the champion clubs of yet another two new korfbal countries: Serbia and Wales; both did well by avoiding last place in their qualification round. The champions of Russia, Portugal, Hungary and the Czech Republic assured their qualification for the main tournament, but the first two did so only on goal difference!

The main tournament had been awarded to the Royal Dutch Korfbal Association (KNKV) who in turn asked first time Dutch champions Koog Zaandijk to take care of the organisation. For the first time the tournament was held over 4 days – Wednesday till Saturday - so that teams would never have to play 2 matches on 1 day.

The pool matches brought no surprises with the champions of the Low Countries Koog Zaandijk and Boeckenberg KC as the clear winners. The fact that the English and German champions lost all of their three pool matches is perhaps significant for the progress of korfbal in Europe!

On the final day hosts Koog Zaandijk beat Boeckenberg (BEL) 22 - 18 in one of the best IKF Europa Cup finals in recent years. The sportshall was completely sold out. The Europa Cup final was live on Dutch Tv with on average 375,000 viewers. The Belgians had the better of the match for much of the first half but honours were even at half time (11-11). However, in the opening 6 minutes of the second half Koog Zaandijk took control by opening a three goal lead and although the Belgians fought back to narrow the lead to one midway through the half, the Dutch champions pulled away again to become IKF Europa Cup champions in their debut in the event.

The match for the bronze medal proved to be a tense thriller. CC de Oeiras (POR) just edged the first half against TJ Znojmo (CZE) 8-7. At the start of the second half they increased the lead to 9-7 but then went 15 minutes without scoring. This let the Czechs back into the match and with 10 minutes left the scores were level. Many chances were missed by both teams and despite twice taking the lead in the closing minutes CC de Oeiras found themselves pegged back to end normal time 12-12. In the golden goal extra time both teams were very nervous

and many clear chances were missed by both teams. It seemed like a penalty shoot out beckoned but, with just three minutes left, CC de Oeiras' captain Alexandra Silva scored with a long shot to earn the Portuguese the bronze medal.

Fifth place was clinched by Szentendre KK (HUN) who surprisingly beat Orel STU (RUS). The Hungarians built up a four goal lead in the opening 15 minutes and held off Orel's comeback to lead 8-6 at half time. The Russians scored first in the second half but Szentendre KK then took control until the last few minutes when Orel started to eat into Szentendre's four goal lead. However, time was against them and the Hungarians scored a well deserved 16-15 victory.

Adler Rauxel (GER) took 7th place with a 14-13 win over Trojans (ENG). The English team, playing in their first IKF Europa Cup, let their opponents gain too much of a lead before fighting back. In both halves the Germans built a four goal lead and in the end this was decisive.

25th IKF Europa Cup 2010; the next winner of the Alfons Janssens Cup is?

With 13 European Champion Club teams participating, following the first round tournaments in Kocaeli (Turkey) and Trebon (Czech Republic), the eight contestants for the 25th Europa Cup tournament, in Herentals, Belgium, were found. From the tournament in Kocaeli, teams from both Germany and England qualified, while in Trebon, clubs from Russia, Hungary and the Czech Republic qualified. Clubs from the Netherlands, Belgium and Portugal had already qualified based on their country's performances in last year's finals.

The first game in Herentals saw Trojans from England take on Szentendre KK from Hungary for seventh and eighth place. The game started tensely with the first goal coming after five minutes from Trojans. By half time Trojans had managed to push the score up to 11-6 and then increased their lead to 17-10. However, Szentendre KK applied the pressure and notched up five goals without reply, setting up an exciting finale to the game. At 17-15 with four minutes to go it looked close, but Trojans scored three goals in quick succession giving them seventh place. Final score 20-15.

Playing off for fifth and sixth places were CC de Oeiras from Portugal and Ceske Budejovice from the Czech Republic. This was a tight match, and ten minutes into the second half the score was level at 16-16. However, Ceske Budejovice stepped up a gear and proceeded to score six goals without reply, taking the lead 22-16 with ten minutes left to play. Despite both teams making substitutions in the final minutes, the difference remained at six goals and so Ceske Budejovice took fifth place. The final score was 25-19, including an impressive six goals scored from open play by Jakub Blaha.

Contesting third and fourth positions were Adler Rauxel of Germany and Orel STU from Russia. The game was even, with the defence very strong on either side and the half time score level at 4-4. The second half was equally close, however with five minutes left, Orel STU took the lead at 12-11. Adler Rauxel then scored a long shot leveling the score once more. As a golden goal period loomed, Adler Rauxel earned a penalty, and with only 12 seconds left, substitute Johannes Langer converted to bring the score to 13-12. Orel STU was unable to find the equaliser and Adler Rauxel kept this slender advantage to win the bronze medal.

For the final game, spectators at the BLOSO Sports Centre as well as television viewers were treated to a some superb high-level korfbal from Dutch team DOS'46/Engeldot and Belgian team Boeckenberg KC. The game saw korfbal stars Mirjam de Kleyn, Sabrina Bijvank, Andre Kuipers and Casper Boom in action and they didn't fail to disappoint as DOS'46/Engeldot won their third IKF Europa Cup in four years. The match ended 27 – 20.

IKF Europa Cup 2011; the final round returns to Hungary

With 10 European Champion Club teams participating, following the first round tournament in Wroclaw (Poland), the eight contestants for the 26th IKF Europa Cup tournament, in Budapest, Hungary, were found. From the tournament in Wroclaw, teams from Catalonia, Czech Republic, Portugal, Germany and England qualified. Clubs from the Netherlands, Belgium had already qualified based on their country's performances in last year's finals. The club from the host country had already qualified as well.

All matches could be followed live over the Internet. The organisers installed a good quality webcamera in the sportshall. Many thousands watched the IKF Europa Cup matches live. In combination with the online scoring software from the IKF this solution showed that a multi media approach is the trend as of now in this event as well.

Top scorer in the whole event was Jakub BLAHA (Ceske Budejovice) with 28, nine of which were scored in the bronze medal match against Trojans. Alexandra FRIAS (CC Oeiras) was the female top scorer with 17 goals.

The Iberian Peninsula battle to avoid the wooden spoon saw CC Oeiras (POR) beat Vacarisses (CAT) 19 – 15.

In the game for 5th place, Hungary's Szentendre club beat last year's bronze medallists – Adler Rauxel (GER) with a surprising 11 goal margin (23 – 12). Excellent shooting from the Hungarian team made the difference. The Germans were overpowered especially in the first half.

In the game for the bronze medal, underdogs Trojans (ENG), who were the lowest placed qualifying team for the final round, almost surprised Ceske Budejovice (CZE) but let a two goal lead slip to a three goal deficit. Although they managed to get back on equal terms the effort took a lot out of them and they conceded the winning goal just two minutes from the end. Final score 19 – 18 to the Czechs.

Dutch champions Koog Zaandijk/Hiltex beat Royal Scaldis (BEL) in a record goal scoring IKF Europa Cup final. No fewer than 56 goals were scored in the match with exactly an average of one a minute in the second half with both teams scoring 15 each. The final score was 33 – 23. Bart Cleymen (Royal Scaldis) and Tim Bakker (KZ) top scored with 10 each. The game was also notable for the number of penalties (17) all but one of which was converted with winners Koog Zaandijk scoring 9 and Scaldis 7 out of their 8 chances.

This event made clear that the differences after the top teams are very small. You can reach 3rd place or 7th/8th place. The matches in poolphase are decided on a few points and the difference between a win or a loss has great impact on the final ranking in the event. This is a good development. This might encourage these teams to bridge the gap with the top teams as well. An increase in the level of play is urged by heavy competition and regular matches under pressure.

IKF Europa Cup 2012; the final for the first time in Poland

This event underlined the ongoing development of European korfbal. For the first time in korfbal history the 46th IKF Europa Cup final round was played with 12 teams over in total 5 days.

Ten teams qualified for the final round based on the 2011 IKF Europa Cup. A first round was organised in Prievidza (SVK). Six teams participated. The first two teams qualified directly for the final round in Warsaw (POL): SKK Prievidza Dolphins (SVK) and Bonson FJEP (FRA). Due to the withdrawal of the Hungarian champion – Szentendre – the IKF Competition Committee invited the first round number 3: Ankara University Sports Club (Turkey). They accepted and it was the first Turkish appearance in an IKF Europa Cup final round.

The first event day in Warsaw 4 matches were programmed. These matches were decisive. The winners reach a top 8 ranking. The losers will be contesting the places 9 to 12.

The first match between Assessoria Valparadis (CAT) and SKK Dolphins Prievidza (SVK) showed great commitment. The Catalonians were always on the right side of the score. They finished with a 19-15 victory. In the next match NC Benfica (POR) did what was expected, they beat FJEP Bonson (FRA) by 36-6 after 20-2 half time. First time participant Ankara University Club (TUR) showed a lot of enthusiasm and energy in their match against Trojans (ENG). But the more experienced English team stayed calm and created the opportunities to win 19-10. The day ended with the match between the hosting club Megasports Warsawa (POL) and Orel State University HSS (RUS). It was a match with 2 different tactical concepts, Orel State University HSS focused on the long distance shot and Megasports Warsawa more playing from and in the post area. The Russians achieved a well-deserved win; 18-27 after a 7-12 score at halftime.

The first match on the second day of the event was an attractive match SKK Dolphins Prievidza (SVK) gained victory over Ankara University Club (TUR). The difference was made after halftime (9-9) by playing more collective than their opponents, final score 18-14. After that Megasports Warsawa (POL) showed FJEP Bonson (FRA) their greater experience in international matches by winning 26-8. Assessoria Valparadis (CAT) and TOP/Wereldtickets.nl (NED) played an equal match till the first time out of Dutch coach, Hans Heemskerk. From this moment on it was clear TOP/Wereldtickets.nl aim was to win and they did with a score of 40-14. In a straight match Boeckenberg KC (BEL) won against State University HSS (RUS), 34-12. The Russians missed the good distance shots they had in their match Tuesday. On the other hand the Belgians scored from all positions, some of

them after beautiful combinations. The players entertained the audience as also the Belgian supporters entertained everyone in the sports hall.

The semi finals day started with a match between VKC Kolin (CZE) and NC Benfica (POR). There was a lot of tension and emotion. The first score was for VKC Kolin but from that moment on they had to try to stay in line with the score of the Portuguese team. The importance of the match also resulted in two yellow cards for players of VKC Kolin. Decisive was the penalty given to NC Benfica at the score of 16-17. At the end 16-19 was on the score board for NC Benfica. Adler Rauxel (GER) took the lead against Trojans (5-1), but the Englishmen fought back and had a positive score of 9-11 half time. In an attractive second half the Germans equalised at 16-16, but also missed two penalties. Final score was 20-22 in favour of Trojans

The semi final day started with the match between Ankara University Club and FJEP Bonson. Because of the final score of 16-11 Ankara University club ends at the 11th place and FJEP Bonson is the number 12 in 2012. The importance of the match between SKK Dolphins Priedviza and Megasports Warsawa was the winning team gained a direct entrance for IKF Europa Cup 2013 for their country. The Slovaks took the lead in the first half (9-6 half time), but the Polish team fought back in the second half. They scored eleven goals against just 4 by SKK Dolphins Priedviza, final score 13-17. This results in a 9th rank for Megasports Warsawa and the 10th place for SKK Dolphins Priedviza. In the first half of their match State University HSS could stay close to VKC Kolin. After a halftime score of 12-10 in favour of the Czech they showed they still belong to the top of Europe (24-16) and they will battle for the fifth place on finals day. Although Assessoria Valparadis was the whole match in the lead against Adler Rauxel it was an attractive match for the spectators. Indicative for the battle was that 4 of the first 6 scores of Assessoria Valparadis were penalty goals. At the end the scoreboard showed a final score of 20-17.

In the first semi final Boeckenberg KC showed their technical superiority. In a match with high speed NC Benfica used a lot of energy in the first half, this effected in a 6-7 score after 18 minutes (half time was 10-18). Boeckenberg KC geared up in the second half. Regarding this match the expectations on Boeckenberg KC in the final are high (final score 15-34).

In the second semi final Daniel Harmzen (TOP/Wereldtickets.nl) reigned in the post area and provided his teammates having many shot opportunities. Trojans did their utmost but that was not enough to beat the Dutch. (33-18).

TOP/Wereldtickets.nl, Dutch national champion 2011, became the winner of the 46th IKF Europa Cup. TOP/Wereldtickets.nl did beat their opponents from Boeckenberg KC in an exciting final - 19 -22 - in front of an enthusiastic crowd of mainly TOP and Boeckenberg supporters in Warsaw, Poland. The referee was Steve Jones from Wales.

IKF Europa Cup 2013; Budapest was again the city for the finals

For the second time in korfbal history the 47th IKF Europa Cup final round was played with 12 teams. The competition took place over 4 days; from Wednesday till Saturday. Live webcasting organised by the IKF of the event took place on the ikfchannel on YouTube for the 2nd time. It attracted many thousands of spectators from in total 37 countries all over the world. It underlined the growing importance of social media as well.

Ten club teams qualified for the final round based on the 2012 IKF Europa Cup ranking; The Netherlands, Belgium, England, Portugal, Catalonia, Czech Republic, Germany, Russia, Poland and Slovakia. A first round was organised in September 2012 in Montrond-Les-Bains (FRA). Five teams participated; Cardiff City (WAL), Sint Andrews University (SCO), Beograd Korfbal Club (SRB), Nazilli Belediyesi (TUR) and FJEP Bonson (FRA). The first two teams qualified directly for the final round 2013: FJEP Bonson (FRA) in 1st place and Beograd Korfbal Club (SRB) 2nd place. Beograd Korfbal Club did beat Nazilli Belediyesi (TUR) on scoring difference only.

The first event day in Budapest 4 matches were programmed. These matches were decisive. The winners reach a top 8 ranking. The losers will be contesting the places 9 to 12.

The results did confirm the IKF Ranking, but the match between Szentendre KK (HUN) and Orel STU State University HSS (RUS) was very close and very intense. Szentendre KK was in the lead most of the match time of 60 minutes. The biggest difference was 11-3. At half time the score was 15-7 in favor of the Hungarian team. In the 56th minute the Russian champion equalised for the 1st time; 20-20. The Russian topscorer Dmitry Petrukhin made the difference with 2 goals at that point; in total he scored 9 goals in this match. In the Hungarian team Tamas Dzsida reached 10 goals in this match!

The second day had in total 6 matches on the schedule. It showed 2 very close matches. Both matches were exciting till the final whistle; Mega Sports Warsawa (POL) did beat Beograd Korfbal Club (SRB) by 1; 18-17. And Trojans (ENG) did loose by 1 from Ceske Budejovice (CZE); 15-16. A missed penalty at 11-9 by Trojans captain David Brooks gave the Czech team first the opportunity to equalise and to take the lead as well; 11-12. As of that moment it was unpredictable which team would win. At 15-15 a golden goal was expected already when Vlastimil Krecjci scored the decisive winner; 15-16. The Belgian and the Dutch champions had expected wins over their opponents.

Day 3 had another 6 matches programmed. The match Mega Sports Warsawa - Szentendre KK would decide on the ranking for the places 9 and 10 and Beograd Korfbal Club – FJEP Bonson (FRA) 11 and 12. Important to mention is that the 9th place gives the country direct entrance to the IKF Europa Cup Final 2014. The Hungarian champion did beat there opponents (20-24) and were ranked 9th. The 11/12 place match showed an unexpected golden goal situation. FJEP Bonson were in the lead nearby the whole match. At half time it was 7-12 in their favor. Only 2 minutes before the end the French team had a 3 point lead (14-17). Beograd Korfbal Club managed to equalise (17-17) just some seconds before the end and achieving the golden goal. In the maximum 10 minute extension it was the Mionika Zanova with her 4th goal that gave Beograd Korfbal Club the victory.

The match between Trojans and Schweriner KC e.V 67 from Germany was more than just close. It had everything that makes sport attractive. Changing chances, excitement, misses and beautiful goals. It was close during all 60 minutes. At half time it was 11-11 and after the final whistle of Belgian referee Miguel Wensma the scoreboard showed 18-17 in favor of Trojans. English captain David Brooks was topscorer with 7 goals.

The Russian Champions, Orel OSTU / State University HSS outperformed CE Vilanova i la Geltru (CAT) in the last 20 minutes. The scoreboard showed 17-16 at that moment for the Russian team. Ten minutes later and despite 2 Catalan time it was 23-17. The scoring abilities of the Russian players were better than there opponents; all 8 players in the team scored between 1 and 9 goals (topscorer Dmitry Kazachkov). Endscore 28-21.

Ceske Budejovice (CZE) could not at all compete with Boeckenberg KC (BEL). After 11 minutes the score was 0-8 and then they scored first. At half time the score was 9-17. The Belgians could save energy for the big final. They did their job in the 2nd half and made some replacements as well. After 60 minutes the score was 19-39 and Boeckenberg KC in the IKF Europa Cup final again.

In the other semi final match Koog Zandijk/Hiltex (NED) against NC Benfica (POR) the Dutch had a flying start as well. After 12 minutes it was 9-2 and the depth in quality of their squad could not be better shown than 5 Dutch international players on the bench. The scoring machine worked very well; 21-8 at half time. In the second half the Koog Zaandijk/Hiltex team was a little bit less accurate. They made some beautiful goals and extended their lead over their Portuguese rivals till 33-14 at the end.

The Saturday is finals day in the IKF Europa Cup system. Four matches are on the schedule. Schweriner KC e.V 67 versus CE Vilanova i la Geltru played in the first match to decide for the place 7 and 8. All eight German players did score and maybe this was decisive in the 1 goal win over the Catalans; 17-16. How close it was is shown in the score at half time 7-8 for CE Vilanova i la Geltru.

The second match was not close at all. Orel OSTU / State University HSS was too good for Trojans. The Russians played their best match of the event and Trojans seemed tired. At half time the match was decided already; 20-7. In the second half the Russian scoring machine continued. In the end it was 34-16. Dmitry Petrukhin was the topscorer with 11 goals. In the Trojans squad Neala Brennan was most succesful with 6 goals.

The bronze medal match between Ceske Budejovice and NC Benfica was equal in the first 20 minutes. In the last 10 minutes of first half NC Benfica managed to take a 5 goal lead; 8-13. In the second half the Portuguese team could build on that lead and even extend it. When the scoreboard showed 18-27 NC Benfica team and staff could start their celebrations for the bronze medal.

The IKF Europa Cup final 2013 brought the eternal rivals from the Netherlands, Koog Zaandijk/Hiltex, and Belgium, Boeckenberg KC, on the pitch with Paul Jeanes (ENG) as the referee and many Hungarians, the other teams and around 200 supporters from both teams in the stadium. It was a match with two faces. In the 1st half Koog Zaandijk/Hiltex was in the lead. They played very effective and their defenders did great work. The 6-13 result after 30 minutes was the correct reflection. In the 2nd half the match continued and with another 20 minutes to go the score was 10-17. The Belgians did not accept their defeat and the Dutch seemed to become inaccurate. They could not keep the 7 goal lead. Still in the 51th minute it was 15-20 and nothing to worry for the Dutch team but they became nervous as well and could not score anymore. Boeckenberg KC came closer and closer and after 60 minutes the scoreboard showed 18-20. Disappointment with the Boeckenberg KC team and relief for IKF Europa Cup 2013 winner Koog Zaandijk/Hiltex. It was there third title in three appearances; 2009, 2011 and 2013.

IKF Europa Cup 2014; Papendrecht is the city for the 48th finals

From Wednesday 15 till Saturday 18 January 2014 in Papendrecht, The Netherlands, in the PKC venues 12 teams competed for the IKF Europa Cup 2014.

This IKF Europa Cup has the official title; **IKF Europa Cup sponsored by ELSCO**.

ELSCO is the name sponsor for this event.

The pools:

POOL			
A	PKC/Hagero (NED)	SG Pegasus Rommerscheid 1991 e.V. (GER)	1908 SZAC KSE (HUN)
B	Boeckenberg K.C. (BEL)	KC Barcelona (CAT)	KC Zemun (SRB)
C	NC Benfica (POR)	Trojans KC (ENG)	Edinburgh City KC (SCO)
D	VKC Kolin (CZE)	State University-HSS (RUS)	FJEP Bonson (FRA)

First time participants in 2014 are the clubs: SG Pegasus Rommerscheid 1991 e.V. (GER), Korfball Club Barcelona (CAT), 1908 SZAC KSE (HUN), Korfball Club Zemun (SRB), Edinburgh City Korfball Club (SCO).

The 48th IKF Europa Cup did set a new standard due to the organisers and the great venues of PKC/Hagero in Papendrecht. The spectators did watch a number of great, exciting matches over four days.

All matches were recorded and shown live on the Internet via the ikfchannel on YouTube. Over four days the IKF registered around 45,000 unique viewers.

The IKF Europa Cup final was one of the best in history. The home team of PKC/Hagero against Boeckenberg K.C. was a historic match of topkorfball. The PKC venue was sold out and over 1,700 spectators created a great atmosphere. The players became even more inspired and showed their utmost. Boeckenberg had the first goals and they were 0 - 4 in the lead after 4 minutes. PKC/Hagero had to chase the opponents. Only at 12 - 12 they scored the first equaliser. At half time PKC/Hagero was 16 - 15 in the lead. In the second half the Dutch champion had to work hard to stay in the lead. The individual qualities made the difference in favor of PKC/Hagero. At Belgian side Jesse de Bremaker scored 11 goals! The Dutch topscorer was Laurens Leeuwenhoek with 8. The Dutch captain, former Dutch international Mady Tims showed with 5 goals her great value for her team. The referee in the final, Lukas Filip (CZE), did a great job. He was fully in control and nearby invisible. The thrilling match ended with a record score in the Europa Cup history since 1967. PKC /Hagero was the winner; 31 - 27 and they earned their 7th IKF Europa Cup in this long Europa Cup history.

The bronze medal match was not close. NC Benfica took the initiative and the Czech team, VKC Kolin, could not follow. After 2 * 25 minutes real playing time the score board showed 24 -10 and the Portuguese team earned the bronze medal. All results and the final ranking are enclosed in Appendix VI in this booklet as well.

IKF Europa Cup 2015; the 49th final round was played in Tielen and Herentals, Belgium

From Wednesday 14 till Saturday 17 January 2014 ten teams competed to become the IKF Europa Cup winner in 2015. The teams from Russia and Wales withdrew from competition unfortunately.

The 10 participants were:

TOP/Quoratio (NED)	Schweriner KC (GER)
Royal Scaldis SC (BEL)	Trojans KC (ENG)
NC Benfica (POR)	Kocaeli University Sport Club (TUR)
Korfbal Club Brno (CZE)	FJEP Bonson (FRA)
Korfbal Assesoria Vallparadis (CAT)	Edinburgh Mavericks (SCO)

The Edinburgh Mavericks (SCO) and Korfbal Club Brno (CZE) were first time participants in the IKF Europa Cup final round.

Brno did very well to achieve the bronze medal match. They had to compete the experienced team of NC Benfica in that match. The team from Portugal showed their experience in that match and earned a well deserved bronze medal again.

The 49th IKF Europa Cup final between TOP/Quoratio (NED) and Royal Scaldis (BEL) showed a close match in the first half till 6-7. As of that moment TOP/Quoratio scored 7 goals in a row without 1 goal from the Scaldis squad. As of that moment the Dutch played with a lot of confidence and showed beautiful play and goals. The excitement in the match was not very high. TOP/Quoratio extended the gap on the scoreboard and after 50 minutes real playing time the scoreboard showed 17-31. Dutch international Mick Snel (TOP/Quoratio) was the topscorer in the IKF ECup final with 8 goals. Immediately followed by David Peeters (BEL) and Nick Pikaar (NED) with 7 goals each.

TOP/Quoratio won their second IKF Europa Cup to bring home to Sassenheim.

During the four days of Europa Cup korfbal a number of close matches were competed. Trojans (ENG) took part in three very close matches. They lost two with 1 goal difference amongst them the match for place 5 and 6 against Vallparadis (CAT). Trojans won one match with 1 goal difference against the German club Schweriner.

After the eternal rivals from the Netherlands and Belgium there are 4 / 5 clubs in competition for the places 3 till 8. The question is; can they bridge the gap with the top teams? And when?

All matches were live recorded and shown on the ikfchannel on YouTube. In total we had more than 20,000 unique visitors during the four event days.

IKF Europa Cup 2016; Budapest was the place to be for the 50th finals

From Wednesday 13 till Saturday 16 January 2016 12 teams competed in the IKF Europa Cup in the jubilee version in 2016 in Budapest, Hungary. For the 50th time the IKF has organised the IKF Europa Cup event.

After the first round, a qualification event, of the IKF Europa Cup 26 and 27 September 2015 the 12 participating teams were known:

BELGIUM	Boeckenberg Korfbal Club
CATALONIA	Club Korfbal Vallparadis
CZECH REPUBLIC	Korfbal Klub Brno
ENGLAND	Trojans Korfbal Club
FRANCE	FJEP Bonson
GERMANY	SG Pegasus Rommerscheid 1991 e. V.
HUNGARY	Szentendrei Korfbal Klub
NETHERLANDS	PKC/SWK Groep
POLAND	UKK WUM Warszawa
PORTUGAL	Nucleo de Corfebol de Benfica
TURKEY	Marmara University Sport Club

Unfortunately the Russian champion withdrew from competition. Too late to organise another champion. The team from 1908 SZAC KSE played out of competition in the event to fill the open place.

The IKF Europa Cup has the longest event history and is after half a century still alive and most respected by the national club team champions and the over 30 IKF Europe members.

The Hungarian Korfbal Association (HKA) organized a very good event again. The competing teams showed their abilities and after the pool matches the strongest four showed up; Boeckenberg KC, NC Benfica, KK Brno and PKC/SWK Groep. The bronze medal match was a replay of the bronze medal match in 2015; Brno versus Benfica. The first half was full of tension and excitement. At half time the score was 7-8 for the Portuguese team Benfica. In the second half Benfica showed their supremacy over the Czech squad and they widened the gap by regular scoring. After the final whistle Benfica earned the bronze medal again by a 14-22 win over Brno.

The IKF Europa Cup final between Boeckenberg and PKC/SWK Groep started with very high level korfbal as of the first minute. Lukas Filip, CZE, was the referee in the final. Guided by Nick Janssens the Belgian team took the lead. At 4-6 Janssens had scored 4 goals already. After 18 minutes PKC equalized the score at 9-9. The scoring continued and after 25 minutes – half time – the scoreboard showed 16-12. Twenty eight goals in only 25 minutes real playing time; topkorfbal in optima forma.

In the second half the Dutch team with Ben Crum in his last year as active topkorfbal coach did continue in the same mood; high level korfbal and scoring divided over all 8 players. After 35 minutes the gap was extended to 7 goals and the Belgians started to realize this match would not bring them the IKF Europa Cup. The final score after 50 minutes real playing time was 31-21. Topscorer in the final was Jesse de Bremaeker, Boeckenberg, with 8. Immediately followed by Richard Kunst and Laurens Leeuwenhoek, both PKC, each with 7 goals. Nick Janssens ended with 6 goals behind his name.

The 50th IKF Europa Cup is in the possession of PKC/SWK Groep. This gives PKC a record breaking number of 8 Cups over the last 30 years.

All matches were recorded and distributed live through worldkorfbal.org, the ikfchannel on YouTube and the IWGA channel. Further we used the social media as Facebook to promote korfbal.

IKF Europa Cup 2017; Sassenheim, Netherlands was playing field

From Thursday 12 till Saturday 14 January 2017 ten (10) club teams competed three (3) days to become the 51st IKF Europa Cup winner in 2017.

After the first round qualification event of the IKF Europa Cup 24 and 25 September 2015 in Cardiff, Wales the 10 qualified teams were known. They were drawn in two pools. Due to late withdrawal of the Polish champion, UKK WUM Warszawa, the organisers were unable to invite / organise another team. We were very happy a regional Dutch team played out of competition in the event to fill the open, tenth place

POOL A

CATALONIA	Club Korfbal Vallparadís
CZECH REPUBLIC	Korfbal Klub Brno
HUNGARY	Szentendrei KK
NETHERLANDS	TOP/Quoratio
TURKEY	Kocaeli University Sport Club

POOL B

BELGIUM	Boeckenberg KC
ENGLAND	Trojans Korfbal Club
GERMANY	KV Adler Rauxel
PORTUGAL	Núcleo de Corfebol de Benfica

Eight games were played on the first day of the IKF Europa Cup 2017. No surprises between the winners, but the atmosphere in the TOP venue was very good already. The Organising Committee showed as of day 1 they had arranged a very good events in all aspects.

The hashtag #ECUP2017 had many ten thousands of unique viewers. During the 3 event days over 100,000.

The website worldkorfbal.org proved to be another huge success. This website shows the match results – scores, penalties, replacements, eventual yellow and red cards - live due to the active link with the jury table in the venue(s), in combination with the ikfchannel live recordings on YouTube. We had over 150,000 visitors in 3 days.

Some real exciting games took place during day 2. The 1st game between Szentendre SZ HE (HUN) and the Catalan CK Vallparadís was an example, and was only decided in the last minutes (13-14). Even more exciting was the game NC Benfica (POR) – Trojans KC (ENG). The English team won by a decisive goal (9-10) scored by Kathryn Goodridge with only 7 seconds left.

On the finals day – day 3 – the English team Trojans KC played CK Vallparadís (CAT) in the bronze medal match. The match was equal till the very end and the spectators in the sold out venue made a lot of noise to support both teams. Again the decisive goal 23-24 came only a few seconds before the last whistle. The scorer was David Brooks and Trojans KC took the bronze medal. What a match!

The final in 51th IKF EUROPA CUP 2017 between TOP/Quoratio (NED) and Boeckenberg KC from Belgium had a number of remarkable characteristics. The final score was 37-27 for TOP; so they earned the IKF Europa Cup 2017. Absolutely record breaking was the 15 goal result from the Belgian top scorer Jesse de Bremaeker. An absolute record in an IKF final. Two other high scorers were Nick Pikaar with 9 and Celeste Split with 8 goals, both TOP.

The crowd sports hall enjoyed the event very much and the enthusiasm of the crowds influenced the players in a positive way. The referees, jury and other officials did a great job as well. IKF President Jan Fransoo presented the the medals and the Alfons Janssens Cup.

The other places were ranked:

- 5th place: NC Benfica (POR)
- 6th place: Brno KK (CZE)
- 7th place: KV Adler Rauxel (GER)
- 8th place: Szentendre Kinizsi Honvéd SE (HUN)
- 9th place: Kocaeli University Sport Club (TUR)

IKF Europa Cup 2018; Platja d'Aro, Catalonia hosts the 52nd edition

From Thursday 11 till Saturday 13 January 2018 eight (8) club teams competed three (3) days to become the IKF Europa Cup winner in 2018. All matches were played in Platja d' Aro (Costa Brava- Girona), in the Palau d' Esports i Congressos Platja d' Aro.

The first round qualification event of the IKF Europa Cup was played 23 and 24 September 2017 in Prievidza, Slovakia.

The following teams played in the 52nd IKF EUROPA CUP KORFBALL:

BELGIUM	AKC/Luma
CATALONIA	Club Korfbal Vallparadís / Assessoria
CZECH REPUBLIC	Ceske Budejovice
ENGLAND	Trojans Korfbal Club
GERMANY	SG Pegasus Rommerscheid 1991 e. V.
HUNGARY	1908 SZAC Budapest
NETHERLANDS	TOP/Solar Compleet
PORTUGAL	Núcleo de Corfebol de Benfica

The 2018 organiser Federation Catalonia de Korfbal (FCK) did a very good job in close cooperation with IKF Coordinating Officer. The IKF ECup was competed amongst eight (8) club teams. Until further notice eight-club teams will compete in the IKF ECup

For those that like close games, the first day of the tournament could not have a better start. The German champion, SG Pegasus, was in the first match nearly always leading with the smallest difference. As it seemed to come to a golden goal, at the end the Czech team, KCC SC Budejovice, did not manage to close the gap. It was an exciting game.

In the first half of match 2 it seemed unpredictable to determine a winner (6-8) The Belgians, AKC Luma, had much trouble with the inside moves of the Catalan team, CK Vallparadis, with penalties as a consequence. After tea the Catalans missed many opportunities to keep in the loop and AKC achieved a deserved win; 8-15.

Both teams started slowly in the next match. This gave Trojans the chance to have the lead in the beginning. However once the tactical setup was respected, TOP/Soar Compleet created what would turn out to be a big difference at the end (20-10).

Nobody could predict that NC Benfica from Portugal would have to struggle so hard to beat the best Hungarian team in years, 1908 SZAC Budapest. Only at the very end of the match, Benfica was able to assure a narrow win (15-13).

The battle of the Iberian peninsula - CK Vallparadis versus NC Benfica - is always a thrilling match, highly enjoyed by numerous spectators. Vallparadis did their utmost to take the lead but every time when it seemed that they would be able to equalise, the Portugese champion answered accurately. The win 18-16 by Benfica was well deserved

KCC Budejovice could never claim a victory against a very experienced team of Trojans. They were trailing all the time. The English team was simply too good. The win 25-17 was without doubt.

The Catalans were always in the lead in the first match of the second day. But at the very end of the match a player of 1908 SZAC Budapest unfortunately missed a penalty; 17-16 for CK Vallparadis was the end result.

Top/Solar Compleet – KCC Budejovice was never an exciting second match in day 2. Top was just too good. Top is ready for the final.

The clash between the champions of England, Trojans, and Germany, Pegasus, was an exciting game until there was a gap of 5 goals in the second half which the Trojans were incapable to reduce. The match ended in a clear 19-14 win for Pegasus.

It was clear the AKC Luma players need 15 minutes in the first half of the game to become effective in the second. During the first 15 minutes Benfica even was the better team. Two minutes before the end of the first half AKC took

the lead for the first time. (10 – 8). In the second half it turned out that Benfica had given their best and forgot to score giving AKC the chance to easily extend the lead. The 17-8 win for AKC was simple. Benfica did not score one goal in the second half.

The IKF Europa Cup 2018 has a Dutch champion again: TOP/Solar Compleet, after beating the Belgian AKC/Luma (28-21) in the IKF Europa Cup final in Platja d'Aro (Costa Brava – Girona, Catalonia). Peter Busik (SVK) was the good referee in this IKF ECup final.

The bronze medal match Benfica versus Pegasus had a remarkable result. The Germans, SG Pegasus, did win the bronze medal for the first time. They proved to be more effective than Benfica and the 22-19 win, after the last whistle of Marcel Luttk (NED), was the start of a big celebration.

IKF EUROPA CUP 2018 Final Ranking:

1. TOP/Solar Compleet
2. AKC/Luma
3. SG Pegasus
4. NC Benfica
5. Trojans Korfbal Club
6. KCC Sokol České Budějovice
7. Club Korfbal Vallparadís
8. 1908 SZAC Budapest Korfbal

It was an excellent event and all IKF referees, jury members and other officials contributed to this success.

All results, games, statistics are available on www.worldkorfbal.org and on IKF social media profiles

IKF Europa Cup 2019; Kortrijk, Belgium host of the 53rd edition
