Organisational news

IKF Marketing and Communication Committee

The IKF EXCO has appointed four new members of the IKF Marketing and Communication Committee: Elizabeth Hirst, Ilham Teidj, Alexandra Falcsik and a designated project team of Malaysia Korfball Association. Anita Derks, chair of the IKF Marketing and Communication Committee: 'I am very proud that 4 enthusiastic and young persons have been appointed by the IKF EXCO as members for the IKF Marketing and Communication Committee. They have used their first months to get to know each other, the organisation and the vision of the IKF. I am sure we will get to see and hear a lot from them in the (near) future!'

IKF Development and Education Committee

The IKF DEC Grants have been awarded and all applicants have been informed about the results. Over 30 IKF Members will receive financial support from the IKF DEC to organise a variety of korfball development projects, ranging from national championships to coach-and referee courses. We hope that all countries will be able to organise their envisioned activities within the limited possibilities due to the coronavirus. Want to know more about the projects? Make sure to read the 'Korfball Story in Focus' articles in the upcoming newsletters!

Team Input Portal (TIP)

In light of the further digitalisation of the input of players data, the IKF is happy to announce the Team Input Portal (TIP). This programme allows team managers to digitally submit their lists of players for the IKF events by selecting existing players profiles, which will automatically be transferred to the IKF jury software. The TIP has been tested with the help of national federations, and we look forward to putting it to good use at the upcoming IKF events!

Korfball story in focus

Despite the challenges of the pandemic, many federations continue to organise korfball development projects, some of which are part of long-term development programmes. The Moroccan federation is one of these determined organisations and continues to focus on the development of youth korfball. We are happy to share an insight in their activities and approach!
